During the Seminar, Success Stories on RTI Act were discussed at length by the participants.

24. INNOVATIVE STEPS TAKEN TO ENHANCE WORK EFFICIENCY:-

Over the years with heightened awareness about RTI Act among the general Public, the number of appeals being received by the Information Commission has leap frogged. In order to expedite the processing of the appeals, A.P. Information Commission in coordination with CGG has developed an “Electronic Office Management System”.

Appeals received by the Commission are being registered by the system will automatically trigger an SMS/Email to the appellant informing the registration number *provided the appellant mentions his mobile number/mail ID in his appeal.*

Processing of an appeal involves the stages of Registration, Note file, Pre Intimation Notice, Notice, Order and Show Cause Notice if applicable.

All these stages have to be posted with the same information right from registration to show cause notice stage. The system posts the information fed during registration in the subsequent stages on its own. This intervention will lead to huge savings in manpower, time and money. Besides it makes the process

accurate and efficient. Ultimate beneficiary would be the appellant who would be able to quickly receive orders on appeals heard.

(b) Online disposal of references received:

The Commission is receiving references online at its email address info.apic@gmail.com, seeking general information on how to use the RTI Act, enquiring about the authorities to be approached for seeking specific information, non availability of information in certain offices under section 4 (1) (b) and so on. The references are being responded to immediately. The feedback has been positive from the members of public.

25. RECOMMENDATIONS:-

- 1) The A.P. Information Commission has no regular cadre strength and the posts which are sanctioned for functioning of the Commission are temporary posts, these posts have been filled up on deputation basis by drawing candidates from other departments; on contract basis and on outsourcing basis from private outsourcing agencies. No orders have been issued by the Government governing service rules according to section 27 (2) (d) read with Sec.16(6) of the RTI Act in the Commission so far. Government may take a decision in the matter at the earliest.

IRREGULARITIES BEING COMMITTED SINCE 50 YEARS WERE RECTIFIED

Smt. G.Thirupathamma, Shivaganga Nagar, Chatrinaka, Hyderabad has filed an application under the RTI Act, 2005 before the Tahsildar, Kothur Mandal of Mahabubnagar District on 11-02-2013 requesting information on the following:-

“During the year 1960-1975, the Revenue department certified that the land in Sy.Nos.340/A, 250/A, 251/A, 254/A, 302, 303/E, 305 and 306 of Rangapur Village, Kothur Mandal was on the name of Thota Swamy, S/o. Saianna and later i.e., from 1978 the said land was shown on the name of Sri Vanapally Swamy through documents. Hence please furnish on which date and year the said land was mutated on the name of Vanapally Swamy and also furnish copy of the application filed for mutation along with the copies of documents if any filed and NOC.”

In response, the Tahsildar, Kothur informed the applicant that the information sought by her does not come under RTI as defined in Section 2(f) of the RTI Act and further informed to mention the file number and year for searching of the same. Having not satisfied with the reply given by PIO, she filed 1st appeal before the Revenue Divisional Officer, Mahabubnagar with a request to furnish the information as sought. But the RDO, Mahabubnagar has also not responded on the same.

Then, she has approached the Information Commission by filing 2nd appeal U/s.19(3) against both Tahsildar, Kothur Mandal and RDO, Mahabubnagar for not

furnishing the required information, which was numbered as Appeal No.11711/SIC-SPR/2013. The appeal was taken on file and issued notices to the appellant, PIO and first Appellate Authority.

When the case was heard, the appellant represents that she did not receive information from the PIO. The facts of the case were also revealed by the appellant before Hon'ble State Information Commission during the hearing of the case. The PIO represents that the connected records i.e., ROR, 13b file are missing and the same was informed to the appellant. The commission was of the opinion that missing of files in the office does not absolve the PIO of his responsibility in furnishing information. It has become a fashion for the PIOs to simply inform the appellants that files are not traced/not available. They are not bothered to trace out files or rebuild records even when the mistake lies with their office in causing disappearance of the file.

Hence, Hon'ble State Information Commissioner has directed the Tahsildar, Kothur to traceout the file or conduct field enquiry and furnish the information to the appellant within (15) days under intimation to the commissioner.

Subsequently, the appellant Smt. G.Thirupathamma has reported to Commission that as per the directions of the Hon'ble state Information Commissioner, enquiry was conducted by the Joint Collector and the notices were also given to the legal heirs of Sri Thota Swamy. The appellant has also submitted before the Commission that no evidences were established about the mutation of Ac.24.21 Gts of land on the name of Thota Swamy. She further stated that the title of Ac.01.39 Gts of land in Sy.No.238 was on the name of her father Late Sri Thota Narsimhulu and the subsequent registration vide Reg.No.225/1965 was held proved as false document by the Tahsildar, Kothur Mandal. The said facts were reported to Lokayuktha by the Collector, Mahabubnagar.

The appellant Smt. G.Thirupathamma has finally concluded that the facts were established and the irregularities that are being committed since 50 years were rectified because of the directions given by the Hon'ble Information Commissioner under the provisions of the RTI Act, 2005.

27. IMPORTANT DECISIONS OF A.P. INFORMATION COMMISSION:

1) Appeal No.30872/SIC-CMR/2013, dated 26-02-2014

Sri D.V.Rao, filed an application dated 17-12-2013 before the Public Information Officer, O/o the Joint Commissioner of Police, Cyberabad Comissionerate, Gachibowli, Hyderabad requesting certain information U/s.6(1) pertaining to status of the grant of arms license and detailed enquiry report and if not recommended to provide the grounds / reasons for not recommending the

license, under Sec-4(1)(d) of RTI Act etc. Having not received any information from the PIO, he filed complaint before the Information Commission U/s.18(1) of the RTI Act requesting the Commission to direct the Public Information Officer to provide the information as sought by him and impose the penalty under sec. 20 of RTI Act.

On hearing of the case on 25-02-2014, the Commission observed that the complainant has filed 1st appeal on 26.12.2013 i.e. within (9) days of making application and complaint on 26.12.2013 i.e. on the same day the 1st appeal is made. The Commission also observes that the information sought does not concern with the life and liberty of the complainant.

The complainant has stated that the OSD (Adm), Cyberabad is not the PIO of Cyberabad Commissionerate, since the Ref.No.183/RTI-Act/C4/Cyb/2013, dated 30-12-2013 provides that the Addl. Dy. Commissioner of Police, Admin., Cyberabad is the PIO. The OSD (Adm) O/o the Commissioner of Police has stated that she is the PIO since 20.02.2014 and has filed an affidavit accordingly. Thus the objection of the complainant is over ruled.

The complainant has also stated that from the letter of Inspector of Police, Vanastalipuram in Rc.No.20/VPRM/Cyb/2013, dt.22.11.2013, there is a threat from antisocial elements on his life. Thus the PIO ought to have supplied the information in (48) hours, according to proviso to Sec.7(1) of the Act.

The PIO has informed that the information was provided vide No.183/RTI-Act/C4/Cyb/2013, dt.30.12.2013, duly enclosing a copy of Rc.No.28/Home/M2-Arms/Cyb/2013, dt.16.2.2013 quoting the aforesaid reference dated 22.11.2013 of SHO, Vanastalipuram Police Station. The appellant has pointed out that in the report of the SHO it is indicated that there was a threat on his life, where as in the aforesaid letter dated 16.2.2013 it is indicated that there was no threat on his life. Thus he contended that wrong information was provided to him. The Commission observes that there is a merit in the argument. Thus the complaint has merit.

The Commission directs to issue show cause notice separately to the then PIO / Deemed PIO (as on 17.12.2013) who has failed to supply the information to the applicant / appellant within the stipulated time of (48) hours, under sec.20(1) of the Act and also for providing false information.

The complainant is further informed that as per Civil Appeal No.10787-10788 of 2011[SLP No.32768-32769 of 2010], the information cannot be accessed under section 18 of the Act. Thus while entertaining complaint u/s 18, no order can be passed providing access to information. However the complainant has a liberty to file an appeal u/s 19(3) of the Right to Information Act, 2005, seeking information as sought in the application made u/s 6(1) of the said Act.

2) Appeal No.30926/SIC-CMR/2013, dated 26-02-2014

Sri M.A. Aleem has filed an application dated 7-10-2013 u/s 6(1) of the Act, before the Public Information Officer O/o the Joint Commissioner of Police, Cyberabad Commissionerate, Gachibowli, Hyderabad.

Since, the PIO has not furnished the information to the appellant. Having not received the information from the PIO, the Appellant has made an appeal, on 26-10-2013 u/s 19(1) of the Act, to the 1st Appellate Authority, O/o the Joint Commissioner of Police, Cyberabad Commissionerate, Gachibowli, Hyderabad. As per the provisions u/s 19(6) of the Act, such 1st appeal shall be disposed within (30) days or within such extended period not exceeding (45) days, from the date of receipt of the appeal. While disposing the 1st Appeal, the 1st Appellate Authority is required to give notices to the Public Information Officer / Deemed PIO and to the Appellant, conduct a hearing, just like the A. P. Information Commission conducts the hearings of 2nd Appeals and pass speaking orders and communicate to the PIO, under intimation to the Appellant. Instead, the 1st Appellate Authority has not acted upon the 1st Appeal received by him and there by has shown dereliction to statutory responsibility imposed on him by the Act. This has been noted with much displeasure by the Commission. The Head of the Office / Public Authority is requested to take note of the same and take suitable action as deemed fit, ensuring that such dereliction of statutory duties by the 1st Appellate Authority does not occur.

The appellant has filed a Second appeal before the Information Commission under section 19(3) of RTI Act. During the hearing, it is observed by the Commission that permissions to purchase any properties are never recorded in the Service Registers. Further the PIO cannot reject to supply SR u/s 8(1)(j). Only the items which fall u/s 8(1)(j) i.e. personal information has to be severed u/s 10(1) of the Act and the rest of the information has to be supplied. Further as replied by the 1st Appellate Authority, the information sought does not form 3rd party information attracting the provisions u/s 11 of the Act.

The Commission directs the PIO to supply the copy of the SR, duly severing the information falling under the category of personal information u/s 8(1)(j) of the Act by observing the provisions u/s 10(1) of the act, within (15) days, free of cost, by RPAD and under intimation to the Commission. With this, the appeal case u/s 19(3) is closed, subject to compliance of orders issued above.

3) Appeal No.3152/SIC-SPR/2013, dated 01-02-2014

In this case the Complainant has applied for power connection to his land in 2004 by enclosing a D.D.No.117683 for Rs.5000/2 and D.D.No.638271 for Rs.625/2.

But the said connection was not provided to him and even on his filing application u/s 6(1) RTI Act, 2005 the concerned Officer did not provide information to him.

After the Commission took up the case for hearing the appellant informed the Commission that the Public Information Officer furnished information on 8-4-2013 stating that his D.D. was utilized to give power connection to one K. Muttaiah.

On the SCN issued by the Commissioner Sri R. Sesha Rao the then Public Information Officer, O/o the Divisional Engineer Electrical Operation, APNPDCL, Mancherial filed written explanation which was found not conveniencing the Commission and a penalty of Rs. 25,000/- was imposed on Sri R. Sesha Rao.

Commission is of the considered view that apart from imposing penalty on the concerned PIOs this is a fit case to award suitable compensation to the appellant. The appellant has paid an amount of Rs.5665/- on 14-01-2004 which was kept with the officials for more than 10 years. Hence the Commission awards a compensation of Rs.22500/- (ie., four times of the said deposit) to the appellant u/s.19(8) (b) of RTI Act.

The Commission further awards a compensation of Rs.20,000/- (Rupees Twenty thousand only) u/s. 19(8) (b) of RTI Act 2005 to the appellant for the physical and mental agony undergone by him due to the delay of nearly two years in furnishing information. The Public Authority, APNPDCL, Mancherial is directed to pay the appellant an amount of Rs.22500+Rs.20,000 = Total Rs.42,500/- within 30 days of the receipt of this order and send compliance to this Commission.

4) Appeal No.29949/SIC-SPR/2014, dated 02-12-2014

In the present appeal, the Commission found that the appellant has filed several appeal/complains before the Commission and after hearing the same, they were ordered to be closed.

The PIO filed affidavit stating that the available information was furnished to the appellant in all the three cases.

The PIO further submitted that the appellant is in habit of filing several applications under RTI Act on the same matter to various Public Authorities. He has also submitted a list of about 45 petitions filed by appellant and in most of the petitions required information was furnished.

The Commission on a perusal of the material papers find force in the contention of the PIO. The appellant has filed several appeals/complaints before the Commission also and after hearing the same they were ordered to be closed. It seems this appellant is misusing the RTI Act and using as a tool to harass

government officers and to settle his personnel goal. Such acts have to be discouraged as held by Hon'ble Supreme Court in Central Board of Secondary Education Vs Aditya Dandopadhyaya.

The Act should not be allowed to be misused or abused, to become a tool to obstruct the national development and integration or to destroy the peace, tranquility and harmony among its citizens. Nor should it be converted into a tool of oppression or intimidation of honest officials striving to do their duty. The nation does not want a scenario where 75% of the staff of public authorities spends 75% of their time in collecting and furnishing information to applicants instead of discharging their regular duties. The threat of penalties under the RTI Act and the pressure of the authorities under the RTI Act should not lead to employees of a public authorities prioritizing 'information furnishing', at the cost of their normal and regular duties."

5) Appeal No.25819/SIC-PVB/2014, dated 01-12-2014

One Sri. G. Srinivas who is the resident of Zahirabad Town, Medak District filed an application U/s 6(1) of the RTI ACT., in Appeal No. 25819/SIC-PVB/2014, before the PIO/ Dy. Commissioner of Labour Sangareddy, Medak District seeking information relating to Mahindra & Mahindra limited. The PIO got a letter from the Mahindra & Mahindra limited Company that they kept the records of their company for inspection at any time. As such a direction was given to the PIO to inform the Mahindra & Mahindra limited company to invite the appellant and provide him the information, sought by him. Though the Mahindra & Mahindra limited company is not a public authority the appellant succeeded in getting the information with the direction of the Commission.

6) Appeal No.27842/SIC-PVB/2014, dated 19-11-2014

One Sri. B.Siva Rama Krishnaiah who is a resident of Sithafalmandi, Secundrabad filed an application U/s 6(1) of the RTI ACT., in Appeal No. 27842/SIC-PVB/2014, before the PIO/ O/o Commissioner, Employment & Training, BRKR Bhavan, Hyderabad seeking some information. when the appellant and the PIO were present before the Commission for hearing the PIO submitted that he has furnished information to the appellant and the appellant who was also present, before the Commission expressed his satisfaction for the information furnished. Therefore the appellant succeeded in obtaining the satisfactory information from the PIO under the authority of the Commission.

7) Appeal No.29574/SIC-MR/2013, dated 23-07-2014

Sri Naseemabegum, W/o Hasan Ali , Marikal Village, Dhanwad Mandal, Mahboobnagar District -509 351 has filed 2nd appeal dated 29-10-2014 which was received by this Commission on 05-11-2014 for not getting the information sought

by him from the PIO / The Tahsildar, Dhanwada Mandal, Mahaboobnagar District. and 1st Appellate Authority /The Revenue Divisional Officer, Narayanpet Division, Mahaboobnagar District.

The material papers on record show that the Revenue Divisional Officer, Tekkali disposed of about (44) complaints through Rc.No. 2075/2012 B, dt. 23.05.2013 etc., wherein the Revenue Divisional Officer in his order observed that Sri Bongu Durga Rao and (43) others encroachers have filed a W.P. No. 27656/2012 before the Hon'ble High Court of Andhra Pradesh, and that the Court while disposing the case on 04.09.2012 leaving it open to the petitioners to avail the remedy of complaint before the Appellate Authority and the Revenue Divisional Officer, Tekkali and held that if the petitioners fail to file an complaint, the arrangement shall seize to be available to them on expiry of six weeks.

It is seen that in terms of the above order, the petitioner therein filed complaints before the Revenue Divisional Officer, Tekkali to set aside the orders of the Tahsildars, Santhabommali.

The complaints filed by the petitioners were dismissed by the Revenue Divisional Officer, Tekkali confirming orders of eviction passed by the Tahsildar, Santhabommali on 23.05.2013.

Thus it is lucidly clear from the above that, cases pertaining to encroached lands in S.No. 34 and 81 were disposed of on 23.05.2013 by the Revenue Divisional Officer and therefore the information given by the Public information Officer in his endorsement S.R. No. 38/2013, dated: 12.08. 2013 pertaining to status of cases is false and misleading.

The endorsement was issued by the Tahsildar, Santhabommali three months after closure of complaints. It is however not known whether this was done intentionally or of any other reason, but the fact remains that information furnished for item No. 4 was false and misleading.

The applicant has been pursuing the case relentlessly by covering long distance. The Commission therefore is of the opinion that the Show Cause Proceeding should be initiated against the concerned Public Information Officer and the complainant should also be reasonably compensated U/s.19(8)(b) of RTI Act, 2005.

Accordingly this Commission directs the concerned Public Authority to pay a compensation of Rs.2000/- (Two thousand Rupees only) to the complainant viz. Sri A. Shanmukha Rao for incurring expenditure on conveyance and other incidental expenditure.

8) Appeal No.28635/SIC-Dr.VV/2013, dated 18-03-2014

The brief facts of the case as per the Complaint and other records received along with it are that the Complainant herein filed an application dated 07-10-2013 before the PIO requesting to furnish the information under Sec.6(1) of the RTI Act, 2005.

The Complainant stated that as he did not receive the required information from the PIO even after 30 days of filing his application, he preferred this Complaint before the Commission requesting to arrange to furnish the information sought by him u/s 18(1) of the RTI Act, 2005.

The Complainant submitted that he has not received relevant information. The PIO submitted that after receipt of 6(1) application dated 7-10-2013, information was furnished through letter dated 11-10-2013. The PIO further submitted that the information sought by the applicant does not come under RTI Act 2005. Since the complainant is not satisfied with the information, the PIO undertook to solve the problem.

9) Appeal No.15344/SIC-Dr.VV/2014, dated 30-09-2014

Sri Shalini, 502, Sriman Nirantar Complex, 3-6-479, Himayathnagar, Hyderabad-029 has filed a Complaint dated Nil which was received by this Commission on 16-06-2014 for not getting the information sought by him from the PIO / O/o. Dy. Commissioner, Greater Hyderabad Municipal Corporation, Circle-9, Abids, Hyderabad-001.

The brief facts of the case as per the Complaint and other records received along with it are that the Complainant herein filed an application dated 03-05-2011 before the PIO requesting to furnish the information under Sec.6(1) of the RTI Act, 2005.

The Complainant stated that as he did not receive the required information from the PIO even after 30 days of filing his application, he preferred this Complaint before the Commission requesting to arrange to furnish the information sought by him u/s 18(1) of the RTI Act, 2005.

The complaint was taken on file and Notices were issued to both the parties for hearing on 30-09-2014. The case is called on 30-09-2014. The Complainant is present. The Respondent/PIO absent, but APIO is present. Heard both sides.

The APIO submitted that this Complaint is against the appeal No.7764/SIC-CMR/2011, which was closed by the Commission on 18-12-2012. The APIO further submitted that after receipt of notice from the Commission on 23-8-2014 on the complaint filed by the complainant on 16-06-2014, complete information was furnished to the complainant on 30-09-2014 during the course of hearing and obtained acknowledgment.

10) Appeal No.19101/SIC-LTK/2013, dated 22-09-2014

One Sri P. Thippa Swamy filed an application U/s.6(1) of RTI Act, 2005 on 02-05-2013 and requested the PIO seeking information i.e. action taken report on the document submitted for registration before the Registration Authority, Ananthapur which was kept pending.

The PIO did not respond to the application. The appellant filed first appeal U/s.19(1) of RTI Act, 2005 before the First Appellate officer on 13-07-2013. The First Appellate Authority has also not responded to the appeal. Having not received the information from the PIO & First Appellate Authority the individual filed second appeal under section 19(3) of RTI Act, 2005 before the Commission on 02-08-2013.

During the course of enquiry of the appeal by the Commission the appellant present and submitted that he produced document for registration of Sy.No.289 situated at Thimmapuram Village, Kambadu Mandal, Ananthapur District on 30-08-2012, but the registration authorities of Kalyandurg Sub Registration office, did not made registration, raising some objections and kept the registration pending and even for the Hon'ble High Court orders also, they have not responded.

That after filing appeal before the Commission the Registration Authorities provided information and registered the document on 13-03-2014. The appellant expressed his gratitude to the Commission and requested the Commission to permit him to withdraw his appeal.

11) Appeal No.6624/SIC-LTK/2014, dated 28-10-2014

One Sri A. Ashok filed an application under Section 6(1) of RTI Act, 2005 on 14-02-2013 requesting the PIO to provide the following information.

“Attested Xerox copies of enquiry report submitted by the Joint Director Office of the Commissioner of Collegiate Education, A.P, Hyderabad” and other records.

The PIO responded and furnished partial information to the application. The appellant having not satisfied with the information provided by the PIO, filed first appeal under Section 19(1) of the RTI Act, 2005 before the First Appellate Authority on 23-11-2013. The First Appellate Authority not responds to the appeal. Accordingly the appellant filed second appeal under Section 19(3) of the RTI Act, 2005 before the Commission on 10-03-2014. The case was heard on 06-08-2014.

The Commission after verifying the records, noticed that the appellant filed application under Section 6(1) of RTI Act, 2005 to know the status of his file, as he was not being paid his monitory benefits since a long time. Hence directed the respondents to trace out the records and to furnish complete information as sought by the appellant by the next date of hearing.

On the next date of hearing i.e. on 28-10-2014, the appellant and the PIO called present. The PIO submitted that as per the directions of the Commission, they have furnished complete information and also released his monitory benefits which were pending since long time. The appellant expressed his gratitude to the Commission for issuing favourable orders resulting in release of monitory benefits to him.

12) Appeal No.18543/SIC-Dr.IA/2013, dated 20-06-2014

One Sri Anand Kumar resident of Vemulawada, Karimnagar District sought information pertaining to Hyderabad Public School, Ramanthapur regarding number of total students class wise and section wise, details of SC and ST students, details of scholarships paid to the students by the social welfare department and from when the SC and ST students are allowed to study in the school and other information.

The Hyderabad Public School claiming that it is not a public authority refused to provide the information. The matter was adjudicated by the Hon'ble Commissioner on 20-06-2014 and held that the Hyderabad Public School is controlled by the State Government since governing body of the school is headed by the chairman who is the Principal Secretary to Government, School Education Department and many other Government Officials are board members of the school and substantially controlled by the State Government. Further the properties of the Hyderabad Public School are owned by the State Government, hence it is a public authority as defined under section 2(h) of RTI Act. Accordingly Commission ordered the management of the Hyderabad Public School to appoint the PIO and FAA and further directed to provide the information to the appellant.

13) Appeal No.8036/SIC-MVN/2012, dated 10-01-2014

Sri K. Srinivasa Rao, Retd. Sub-Treasury Officer, Narasaropet, Guntur District has filed a complaint U/s 18(1) on 23-07-2012 for not getting the information sought by him from the PIO / Medical Officer O/o the Government Hospital, Vinukonda-522647, Guntur District i.e. list of drawing officers with their names who have drawn bills on Vinukonda Sub Treasury during the period from 24-04-1993 to 31-03-1996.

The Complaint was taken on file and notices were sent to the parties concerned directing them to appear before the Commission for hearing on 10-01-2014.

The PIO submitted that the information is not held with his office, and he cannot furnish the information to the appellant. There appears little accountability on public authorities in respect of records management. Unfortunately, Andhra Pradesh has no Public records law in force. The Central Government enacted the Public records Act in 1993. Under the Public records Act, every records creating agency, among other things, should nominate one of its officers as "Record Officer" to discharge the functions under the law and set up record rooms and place each record room under the charge of the Record Officer.

The Commission advises the State Government to enact the public records law to support and strengthen people's right to information and improve the records management in public authorities.

14) Appeal No.11256/SIC-MVN/2012, dated 20-01-2014

Sri G. Devasahayam, Nagarampalem, Guntur has filed a complaint U/s 18(1) on 11-09-2012 for not getting the information sought by him from the PIO / The Superintendent O/o the District Hospital, Vaidya Vidhana Parishad, Tenali, Guntur i.e. information regarding caste and religion mentioned in the service register of Dr N. Chandran, Deputy Civil Surgeon (Retd.).

The Complaint was taken on file and notices were sent to the parties concerned directing them to appear before the Commission for hearing on 20-01-2014.

The Complainant wants to know the caste and religion of a certain doctor, who retired from the service, from the records, if available at the public authority.

Since the doctor retired about 15 years ago, his service register is not available with the public authority. However, after making a thorough search, on the insistence of the Commission, the PIO could produce an old record (register) which contains the doctor's caste status as 'XX' category.

The Commission is of the view that 'caste' status of a person can be treated as personal information and exempt U/s 8(1)(j) unless the person herself is willing to disclose it to the world. However, in the present case, the doctor used his 'caste' status for his initial appointment and got appointment under the quota reserved for that category. In such case the 'caste' 'status' enters into public domain.

With regard to furnishing of the information on the religious status available records do not contain any information on this issue. Even then, the Commission opines that religions status of a person is personal information which need not be disclosed routinely.

Therefore, the Commission directs the PIO to provide information related to caste status of the doctor as per the available records to the complainant.

15) Appeal No.2325/SIC-MVN/2012, dated 11-04-2014

Sri Gulam Hyder Ziauddin, Mehidipatnam, Hyderabad has filed a 2nd appeal for not getting the information sought by him from the PIO / O/o the District Cooperative Audit Officer, MJ Road, Hyderabad (Urban) District and Appellate Authority / O/o the District Cooperative Audit Officer, MJ Road, Hyderabad (Urban) District, i.e. information pertain to Hyderabad district government servants Co-operative Housing Society Limited registration details, by-laws etc.

The Commission directs the public authority, Divisional Cooperative Officer, Hyderabad and District Cooperative Audit Officer, Hyderabad (Urban) District to access the required information (i.e. list of members of the Society, Bye-laws and resolutions passed by the Society) from the Society and provide it to the appellant.

The Commission was also of the opinion that a few societies are misinterpreting the Apex Court's judgment to claim that they do not fall under the ambit of the RTI Act.

The Supreme Court in Thallapalam Service Co-operative Bank Ltd Vs State of Kerala (Civil Appeal No:9017 of 2013 on 07-10-2013) provides following guidelines:-

“all the same, if there is no dispute on facts as to whether a particular society is a public authority or not, the state information Commission can examine the same and find out whether the society in question satisfies the test laid in this judgment”

The Society was allotted hundreds of acres land for the benefit of its employees in 1991 vide G.O.Ms.No.589 Revenue (Associations-3) dated 10-07-1991 and G.O.Ms.No.850 Revenue (Associations-3) dated 24-09-1991. The whole purpose

of this society is just distribution of this land so that employees can construct houses and spend their post-retirement life peacefully.

This Society clearly satisfies the test of “substantial finance” by the appropriate Government as laid down by the Supreme Court judgment.

Hence the Commission declares the District Government Employees Cooperative Housing Society as a public authority under Section 2(h)(d)(ii) of the RTI Act and directs the Society to fulfill its obligations as a public authority under the RTI Act.

The Commission further directs the Society to provide the appellant required information (i.e. list of members of the society, Bye-laws and resolutions passed during 2003-2011) within two weeks of receipt of this decision.

High Court of Kolkata Order Date 26-11-2013 in

W.P. 33290(W) of 2013

Mr. Avishek Goenka petitioner (in person).

Mr. Asish Kumar Roy,
Ms. Gargi Mukherjee For the respondents.

The petitioner is appearing in person.

The writ petitioner claiming to be an activist in the field of right to information, has approached us by filing the present writ petition with the prayer, the authority should not insist upon the detailed address of the applicant as and when any application is made under the Right to Information Act. He apprehends, the interested parties would cause a threat to the activist and in fact there had been past incidents of unnatural deaths of activist in the field, presumably by the interested persons having vested interest to conceal the information that is asked for by the activist.

The petitioner submits, the authority may not insist upon the detailed address particularly when the applicant would provide a particular post box number that would automatically conceal their identity to the public at large.

We have considered the relevant provisions of the statute. Section 6(2) of the Right to Information Act, 2005 would clearly provide, an applicant making request for information **shall not be** required to give any reason for requesting the information or any other **personal details** except those that may be necessary for contacting him.

Looking to the said provision, we find logic in the submission of the petitioner. When the legislature thought it fit, the applicant need not disclose any personal detail, the authority should not insist upon his

detailed whereabouts particularly when post box number is provided for that would establish contact with him and the authority.

In case, the authority would find any difficulty with the post box number, they may insist upon personal details. However, in such case, it would be the solemn duty of the authority to hide such information and particularly from their website so that people at large would not know of the details.

We thus dispose of this writ petition by making the observations as above. The Secretary, Ministry of Personnel should circulate the copy of this order to all concerned so that the authority can take appropriate measure to hide information with regard to personal details of the activist to avoid any harassment by the persons having vested interest.

The writ petition is disposed of without any order as to costs.

Urgent certified copy of this order, if applied for, be given to the parties, on priority basis.

Office Memorandum

Subject: - RTI Web Portal for online filing of RTI applications.

Please refer to this Departments O.M. of even no. dated the 22nd April, 2013, wherein it was informed that RTI Web Portal would work as RTI MIS also. Further, it was mentioned that the details of RTI applications received through post should also be entered into this system.

2. It has come to notice that some Ministries/Departments are not uploading/entering RTI applications received physically (through post or in person) in the RTI online portal. As a result, such applications do not get reflected in the RTI MIS. In such cases, RTI MIS is unable to provide accurate picture of pendency of RTI applications in a public authority and the purpose of RTI MIS gets defeated.

3. In view of the above, it is again requested that the RTI applications received physically (through post or, in person) in RTI Cell should also be entered in the portal by the Nodal Officer/RTI Cell, before forwarding the same to the concerned CPIO. Similarly, the RTI applications received physically directly by the CPIO should also be entered in the portal by the concerned CPIO before reply. Similar procedure is to be adopted in respect of First Appeal received physically.

4. It is also reiterated that the reply to RTI applications/appeals received physically is to be sent through post only and not through the portal. However, after reply through post, the same has to be entered in the system/portal, as disposed off. This would provide an accurate picture in RTI MIS about the disposal of RTI applications/appeals by a public authority.

5. The above instructions may be brought to the notice of all concerned for strict compliance.

5. The learnings from the workshop are as follows:-

(1) From the inaugural session:

- (1) There is a need to have a key resource centre- a hand holding centre which can help in reducing the pendency of RTI applications.
- (2) The role for CIC to monitor compliance of Section 4 of RTI Act has been increased. A separate section on the compliance mechanism of the guidelines on suo motu disclosure needs to be included in the annual report of CIC.
- (3) Hard work has to be done by not only the Government of India, but also State governments including various PSUs to strengthen the proactive disclosure, dissemination of information, to adopt and learn new means of disposing of applications like through online mode. Combined efforts of NGOs and civil society organisations are required to help State Governments whose performance is not satisfactory.

(2) From the Panel discussion (Views of the Panellists):

- (1) Digitization for legacy/old records has to be done. Since everything these days is typed on a word processor, it can be easily uploaded. Every piece of paper that is generated in the Public Authority should be directly uploaded to the website, then there would be nothing left to disclose.
- (2) All Public Authorities should publish a list of information that they would NOT be disclosing, in the form of a negative list of non disclosure.
- (3) There is a need of proper disclosure of information on government websites. The functioning and quality of websites should be improved, as many websites are not functioning properly.
- (4) Concealing information is also a crime. Punishment for hiding information should be decided if it is discovered that the official has an ulterior motive in hiding it.
- (5) Every organization should be ready to disclose its DNA i.e. information about the organisation.

- (6) The Tarun Bharat Sangh, an NGO, does not avail any grants from government but it discloses all information about the organization on its website.
- (7) Proactive disclosure is not possible without a constant spur from civil society and also the threats that the civil society has to bear with.
- (8) Other nations such as Maldives, Bangladesh and Nepal are now trying to replicate our Act.
- (9) In Gujarat, 70 police stations have adopted the suo motu disclosure template for section 4.1.b.
- (10) A good mechanism could be to list out the departments that are not disclosing the mandatory information. This could then, through the medium of a committee, be generated as a report. This will be a reasonable mechanism to put pressure on the govt departments to comply.
- (11) A public audit is essential and if these reports are made public, it will play a large role in compliance.

(3) From presentations of Best Practices on RTI:

- 1) Ms Rakshita Swamy in her presentation tried to explain that apart from making RTI suo motu disclosure under section 4, efforts of Ministry of Rural Development (MORD) are to make those disclosure understood by the citizen in a better way. MORD is putting efforts in shifting the approach from **Management information system (MIS)** to **Janta Information System (JIS)**, where the information stored in the database is accessible to citizen without any restrictions. This empowers the citizens giving them opportunity not only to know how programmes are implemented but also facilitated them to ask questions & issues related to them. The schemes of MORD like PMGSY and MGNREGA have features like open MIS, entitlement cards, wall paintings and social audit.
- 2) Dr Ganatra & Dr Derashri in their presentation described the digitization initiatives of Gujarat state administration to ensure preservation and maintenance of public records of historical & Archival importance. In the presentation, they mainly described the document handling and archiving practices of the two Public Authorities viz Gujarat Vidhan Sabha and Gujarat Archival Department.
- 3) Shri Shrikar Pardeshi, Commissioner Pimpri Chinchwad Municipal Corporation made a presentation on SARATHI. This Initiative is named as SARATHI, which is the acronym for **S**ystem of **A**ssisting **R**esidents **A**nd **T**ourist through **H**elpline **I**nformation, the aim of which is to overcome communication barriers and expeditiously provide complete and standardized information to the citizens, to access basic services of Municipal Corporation, using modern tools of Information Technology.
- 4) Shri Anil Kumar Bharadwaj of Ministry of Corporate Affairs made a presentation on MCA 21. It is a secure portal that offers availability of all

registry related services and public access to corporate information. The information can be accessed/ availed from anywhere, at any time that best suits the corporate entities, professionals and public at large

The replies to the applications and appeals are also given online.
- 6) Shri Kunal Shaw made a presentation on RTI information kiosks in various states such as e-soochna-Himachal Pradesh, lok vani project- Uttar Pradesh, bhoomi project-Karnataka, e-mitra- Rajasthan, e-jan sampark project-Chandigarh.
- 7) Shri Bhaskar Prabhu made a presentation of the joint initiative of CSOs and government departments in awareness generation on RTI. A reputed university in Pune told its students that the retention period of evaluated answer sheets will be 6 months but allowed access to the answer sheets only till 10 days in accordance with an ordinance of the University. This was got revised to 6 months with the efforts of Shri Velankar.
- 2) Ms. Dhvani Desai presented an animation film which showed the problems faced by four different people in four different parts of India and how RTI could have helped them. The film is slated for release in movie theatres and is also on Youtube in the films divisions Youtube channel. It will also be shown on Doordarshan.
- 3) Shri Gautam Kothari presented a success story relating to an IT park that was coming up in his region (MP). He investigated the matter and got the tender for supply of tiles cancelled which could have resulted in loss of funds. He presented another success story of SEZ, Pritampur

district in Madhya Pradesh where electricity is supplied by Madhya Pradesh Audyogik Kendriya Vikas Nigam. He took out all the information through RTI and did some calculations of his own and put forward the case in appropriate regulatory body as a result of which price came down from Rs.5.05 to Rs 3.75 per unit. In another case in an industrial area, the Municipal Corporation imposed a new export rate due to which industries there had to pay around Rs 75 crores. He took out information through RTI and put forward the case in front of government explaining that municipal corporation does not need this much money as the current budget is meeting all its present and future expenditures. The case was ruled in favour of the industries, thanks to RTI.

- 4) Shri Kamal Kumar Tak presented success stories of an Anganwadi in Rajasthan and a case of Raj Kumar working in Gujarat in ISRO who had completed polytechnic engineering from Jaipur but had not received his certificate yet. He had been working for almost a year and had been issued a notice that if he was unable to produce his certificate he would be fired from his job. He made many trips to his college, wrote to many officials, but in vain. But as soon as he filed an RTI, his certificate was received and he also saved his job.
- 5) Shri Nadeem Udeen presented success stories where with his efforts it was established that information related to not only of the applicant but any person's life and liberty is applicable. Office Memorandum

Subject: Guidelines for grants to ATIs and SICs under the various components of the Centrally Sponsored Scheme on “Improving Transparency and Accountability in government through effective implementation of Right to Information Act” for the year 2014-2015

1.0 Introduction

The Right to Information Act was enacted in 2005 with the objectives of making the governance more transparent and accountable. In the last 8 years, an elaborate institutional mechanism has been set up, including setting up of Information Commissions, designation of large number of officers as CPIOs/ SPIOs and Appellate Authorities and laying down of detailed guidelines and instructions for dealing with RTI requests, in line with the mandate of the Act. A web portal “RTIonline” has also been launched to facilitate online filing of RTI applications with facility for online payment of RTI fees.

Under the XIth five year plan, a centrally sponsored scheme was launched in 2008 with the primary objective of creating awareness and for training of officers, both in central and state governments for 2 years. A new scheme titled ‘Improving transparency and accountability in government through effective implementation of Right to Information Act’ was approved for the remaining two years of the 11th Plan period (2010-11 and 2011-12). Guidelines for sanction and release of funds to SICs and ATIs for two components of the scheme namely ‘awareness generation and capacity building’ were issued vide O.M. No.1/6/2010-IR dated 16.8.2010. The guidelines were revised vide O.M. of even number dated 18th July, 2013. Most of the ATIs availed of the grants given by this Department for the various activities under the various components of the plan scheme.

Keeping in view the feedback received from the ATIs, the guidelines on the various components of the plan scheme for which financial support would be provided by DOPT to the ATIs and SICs are further revised as follows:-

2.0 Awareness Generation for RTI:

Both Central and State Governments are obligated to create awareness about the provisions of the Act. Financial assistance under this component will be provided to supplant these efforts of State Governments:

- (i) **RTI Week Celebration:** RTI Week is celebrated every year during 5th – 12th October. SICs will be provided financial assistance of up to Rs. 3.00 lakh each based on their proposal, for taking up various activities which may include conducting workshops, seminars, press-meets, competition in colleges on RTI related themes, etc. Although expensive publicity through print/electronic media will not be supported, funds may be used for displaying hoarding, etc, for publicizing the RTI Act.
- (ii) **Innovative Awareness Generation Programmes:** ATIs will be provided up to Rs 4.00 lakh each, based on their proposals, for innovative awareness generation activities which may include nukkad natak, use of local folk troupes, development of publicity material in local languages, distance learning programmes, online certificate courses in regional languages, etc. for awareness generation regarding RTI.
- (iii) **Organization of Workshops / Seminars:** ATIs will be provided a sum of Rs. 1.00 lakh per workshop / seminar organized on RTI related themes such as best practices and success stories on RTI, suo motu disclosure, etc on the basis of a proposal. The workshop may include Public Authorities of State/Centre, media persons, Civil Society Organisations , etc.
- (iv) **Publication of guidebooks:** ATIs will be provided funds for getting guidebooks published in regional languages.
- (v) **Help Line in ATIs:** ATIs may set up help line for answering queries of the general public regarding RTI Act in the respective regional language. Funds would be granted to ATIs based on their respective proposal **subject to a maximum ceiling of Rs.4,00,000 per annum in the first year which would include rental charges for a telephone line, computer system for data storage, salary for the person manning the helpline and stationery, etc. The grants for the subsequent years would be restricted to Rs.2,00,000/- per annum.** Such help lines could be set up in collaboration with NGOs working in the field of RTI.

3.0 Support for Capacity Building -Training of SPIOs/CPIOs and First Appellate Authorities (FAA).

State ATIs will be supported for undertaking training of SPIOs/CPIOs and AAs in a cascade model. In the first instance, ATIs will train District Resource Persons (DRPs) who will in turn train SPIOs/CPIOs and AAs in the districts.

- a) **Training of DRPs:** This training will be organized at the ATIs. It is planned that 3 DRPs per district will be trained in a year. Financial assistance will be provided for these trainings up to Rs. 1000 per participant per day for a 2-3 day residential course. Selection of DRPs will be made by ATIs.
- b) **Training of CPIOs/SPIOs, AAs and staff of State /Central Govt Offices:** These training programmes will be conducted at the district headquarters by the DRPs under the overall supervision of the ATIs. Each course will be non-residential and will be of 2 day duration. Financial assistance up to Rs 750/- per participant per day will be provided to ATIs based on a detailed proposal. This will cover all the incidental expenses involved in the training such as on refreshments for the participants, honorarium to DRPs, hiring of audio visual equipment and other contingencies. The training programmes must also include a segment on record management.
- c) **Training to Nodal Officers(RTI) of State Public Authorities:** ATIs shall organize one day training programmes for atleast 25 RTI nodal officers of public authorities in each programme regarding the implementation of DOPT guidelines dated 21st November 2013 on suo motu disclosures, particularly on implementation of templates for disclosures at various levels. Financial assistance up to Rs 750/- per participant per day will be provided to ATIs.
- d) ATIs may avail an additional assistance of up to Rs. 3.0 lakhs for preparation of training material and for meeting administrative contingencies based on their proposal and the training load.

4.0 Simplification of processes for filing of RTI – The facility of filing RTI applications and appeals online through RTI online web portal has been launched and is being implemented in all the Ministries/Departments of Government of India situated in New Delhi. The same facility can be extended to the State Government offices by sharing with them the software developed by NIC (Headquarters), New Delhi. The ATIs may play the role of catalyst in the implementation of the facility in the Public Authorities located in the state. Proposals in this regard are invited from ATIs and funds would be granted on the basis of such proposal.

5.0 Improved record management /Suo motu disclosure– In order to attend to RTI requests promptly, it is necessary to index and store records properly. Similarly, suo motu disclosure would help in disseminating as much information as possible to the public which would obviate the need to seek information through RTI. GOI has issued guidelines on suo motu disclosure

under Section 4 of RTI Act, 2005 to be followed by the Ministries/Departments of GOI. It would be desirable that such guidelines are adopted by the State Governments as well. DOPT would grant funds under this scheme as follows:-

- i) If any State Government is willing to implement these guidelines in their respective Public Authorities, ATIs can do the necessary handholding of the PAs. Proposals are invited from ATIs in this regard and financial assistance required for such handholding shall be provided to the ATIs based on their proposals.
- ii) ATIs can also conduct audit of suo motu disclosure of Public Authorities in their respective states either themselves or through an NGO/agency. Funds would be granted to ATIs to conduct such audit based on their proposals.

6.0 Institutional mechanism for collaborative working with CSOs and Media: DOPT would provide funds upto Rs.5 Lakhs (in each case) for field based study/research on RTI. The ATIs may invite proposals for field based study/research on RTI from Civil Society Organisations or individuals. Proposals found suitable may be submitted to DOPT for final selection. Funds would be granted by DOPT only for the selected proposals. Mentoring for the study/research would be provided by the ATIs.

The terms of payment for the research work will be as follows:-

- (1) On acceptance of the research proposal : 20% of the approved amount.
- (2) On submission of draft report : 60% of the approved amount.
- (3) On acceptance of final report: 20% of the approved amount.

The timelines for the research work is as follows:-

Submission of draft report: 5 months from the date of acceptance of proposal.

Submission of final report: Within a month from the date of submission of draft report.

7.0 Sanction and release of Financial Assistance:

SICs and ATIs are required to submit detailed proposals for seeking financial assistance for 2013-14 under the scheme, as per proforma at Annexure 1. The proposal must include detailed cost estimates for various activities and the time-lines for physical achievement. Scheme Monitoring Committee (SMC) will review the proposals and sanction assistance.

Funds will be released to ATIs and SICs directly as per the following:

- (i) Funds will be released only if UCs for funds provided to the SIC (for awareness generation activities) or the ATI (for training/ awareness generation/capacity building), as the case may be, for 2008-09, 2009-10, 2010-11, 2011-2012 and 2012-13 have been received.
- (ii) Subject to (i) above financial assistance would be released in one installment immediately upon sanction, and receipt of UCs(in GFR 19 A format), receipt of financial and physical progress.
- (iii) The UCs for the grants that would be given in the financial year 2013-14 would become due in March 2015. **However, further funds in 2014-15 would be released only on receipt of UCs and statement of physical achievement for the financial year 2013-14.**

8.0 The first meeting of the SMC is scheduled for the third week of September, 2014. **All complete proposals received in DOPT by 15th September, 2014 will be processed and put up before SMC.** SICs and ATIs are requested to submit their proposals in the prescribed proforma as soon as possible. Office Memorandum

Subject: RTI online Certificate Course conducted by the Department of Personnel and Training

The Department of Personnel and Training has been conducting an Right to Information Online Certificate Course in English since the year 2009 and in Hindi and Telugu since the year 2012. The course is hosted through Centre for Good Governance, Hyderabad on the url rtiocc.cgg.gov.in . The RTI online certificate course not only offers the benefit of away-from-classroom-learning, but also provides a platform for reinforcing one's learning through interacting with experts and fellow candidates. This course is open for all the citizens and is available free of cost.

2. The CGG hosts two courses on RTI - a short duration course of 7-days and a longer version of 15 days. The 7 days course is introductory in nature and does not have chat window/moderator facility and does not carry any certificate. However, this is treated as an eligible criterion for getting selection into the longer version 15-days course.

3. The 15-day course is more intensive with practical orientation of applying the RTI Act. This version of the course has the facility of discussion forum and moderation. On successful completion of the course, an e-Certificate will be issued.

4. It is requested that the Public Information Officers and First Appellate Authorities working in your Ministry/Department and public authorities under your administrative control may be encouraged to enroll for the said Online Certificate Course on RTI.

Attention is invited to DOPT's guidelines on suo motu disclosure issued vide O.M. No.1/6/2011-IR dated 15.4.2013 whereby Public Authorities have an obligation to proactively disclose RTI applications and appeals received by them and their responses on their websites.

2. In order to facilitate uploading of RTI applications/appeals received and their responses on the website, a new feature has been added to the CPIO/FAA's module on the "RTI online" portal on pilot basis for DOPT. Report of the Committee to evolve model format for RTI replies

The Committee constituted vide DoPT O.M. No. 10/1/2013-IR dated 16th October, 2014 to evolve a model format for giving information under the RTI Act, held its meeting on 29th October, 2014 at 11:30 a.m. After examining in detail the provisions of the RTI Act and the existing practice generally followed by the CPIOs in replying to RTI applications, the Committee has made the following observations:

- I. There is neither any provision in the RTI Act or RTI Rules for a model/standard format of RTI application nor any provision for a model/standard format for reply to the RTI applications.
- II. Presently, neither any standard practice nor any standard format is being used by the CPIOs in reply to the RTI applications.

In view of the above observations, the Committee has made the following recommendations:

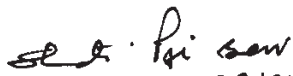

- a) There should not be a model/standard format for reply to the RTI application, as there is no such provision in the RTI Act or the RTI rules.
- b) Moreover, keeping in view that there is no standard format for RTI applications, there could not be a standard format for their reply.
- c) However, the following points can be uniformly adopted by the CPIOs while replying to the RTI applications:
 - i. The name, designation, official telephone no. and email I.D. of the CPIOs should be clearly mentioned.
 - ii. In case the information requested for is denied, reasons for denial quoting the relevant sections of the RTI Act should be clearly mentioned.
 - iii. In case the information pertains to other public authority and the application is transferred under section 6 (3) of the RTI Act, details of the public authority to whom the application is transferred should be given.
 - iv. In the concluding para of the reply, there should be clearly mentioned that the First Appeal, if any, against the reply of the CPIO may be made to the First Appellate Authority within 30 days of receipt of reply of CPIO.
 - v. The name, designation, address, official telephone no. and e-mail I.D. of the First Appellate Authority should also be clearly mentioned.

29/10/14

29/10/14

- vi. Wherever the applicant has requested for certified copies of the documents or records, the CPIO should certify the documents or records by putting a seal of his name, designation and signing with date. Above the seal, the remarks that "documents/records provided under the RTI Act" should be endorsed.
